Social Media Marketing for *your* business

You'll love how easy it is to get your social media marketing done by OfficeHounds.

If you've tried managing your business's social media yourself, you know how time-consuming it is.

Social media was designed to be distracting.
Have you ever researched an idea for a social post, only to find yourself down a rabbit hole of distraction? When you do manage to publish content, it's time to create more.

Marketing your business should be continual and consistent, but that doesn't mean you have to do it.

Be the distraction. Not the distracted.
Let us create scroll-stopping content that distracts your customers instead of distracting you from growing your business.

Getting started is easy.

Step One

All you have to do is let us know you're ready.

- Email maggie@officehounds.com with a link to your website
- Confirm what package you want
- Call or email us if you have any ideas, photos, or anything else we need.

Step Two

We send you an invoice and access to our dashboard to connect socials.

- We take 5 business days to create one month of content.
- You get 5 business days to request one round of unlimited changes.
- We schedule your content. Done.

Step Three

We continue consistently posting social media content for as long as you want. You can cancel anytime, but you won't want to.
